Changes Are Small In Quiet Trading In Cotton Market Evening of Accounts for Over Holiday Virtually Only Feature; Slight Reactionary Trend Is Shown

Business in the cotton market was much restricted yesterday owing partly to uncertainty regarding possible fluctuations in Liverpool and New Orleans while the markets here are closed today, and with reference to the probable showing of the census ginning figures which are scheduled for publication at the opening of tomorrow morning.

Upturn in Wheat Follows Rise in Corn After Dull Opening

Chicago, Nov. 7.—Material upturn in the price of wheat took place today, following a dull opening, as a result of reports from Argentina and indications of export demand for Japan and other non-European countries.
